## Slicer

Model PRIMA 250

- SOLID CONSTRUCTION
- ADJUSTABLE SLICING THICKNESS
- TWO STROKES INTEGRAL BLADE SHARPENER INCLUDED
- SAFE AND EASY HANDLING
- EASY TO CLEAN

The Prima, the most innovative slicer for bars and fast food, has enriched its range with the "Cheese" and "Bread" versions specifically designed to easily cut demanding products like cheese and bread are.

Slicer of minimum encumbrance and great services, particularly suitable for snack-bars, restaurants and pizzeria and for cutting of any sausages, roast-beef, raw meats, cheese, breads, vegetables etc. Peraluman anodized aluminum casting. Perfectly hygienic, long life, easy and quick to clean. Rigidly mounted sharpener with housing. Detachable.

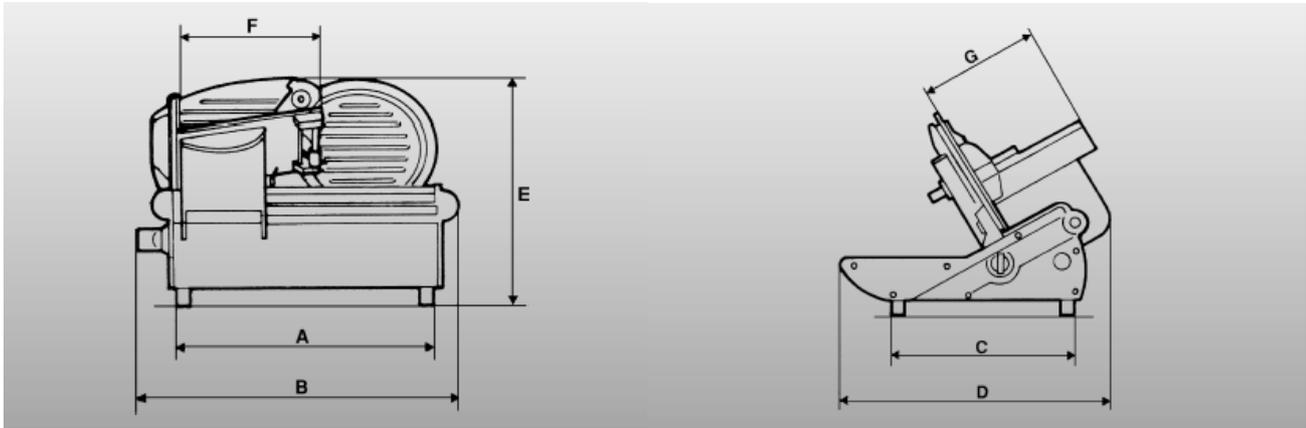

The knife is made from the finest tempered alloy steel. Air-cooled motor with grip belt drive. Cut thickness with stick-slip-motion knob assuring constant slice thickness. Prima slicer is designed and built according to safety regulations and has a bottom plate in anti fire material.
